## KEY WORDS INDEX

### VOLUME 14

	<u>Issue</u>	<u>Pages</u>
algorithms	3&4	179-190
approximations	2 3&4	149-158 179-190
asymptotic expansions	3&4	179-190
asymptotic normality	2	101-112
authorship, statistical determination	1	55- 60
Bayes factors	1	55- 60
Bayes-Fisher discrepancy	1	60- 62
Bayes/non-Bayes compromise	1	55- 60
Bernoulli trials with variable probabilities	2	125-132
bias	3&4	169-178
binomial distribution and independence	1	52- 55
binomial trials with variable probabilities	2	125-132
censored data	2	113-124
certainty equivalence control	3&4	241-270
Chebyshev inequalities for several quadratic forms	2	159-163
chi-squared distribution, fast calculation of	1	71- 78
chi-squared, supplement to allow for order	1	63- 67
classification	3&4	169-178
composition method	2	149-158
conditional power function	3&4	201-218
confidence bands	2	89-100
constrained least squares	1	17- 40
contaminated data	3&4	229-240
contingency tables	3&4	305-320
contingency tables, continuity correction	1	47- 51
contingency tables, two-rowed	1	63- 67

	<u>Issue</u>	<u>Pages</u>
continuity correction for $2 \times 2$ tables	1	47- 51
Cornish-Fisher expansions	3&4	179-190
correlated data	1	17- 40
critical values	2 3&4	101-112 219-228
cumulants of an analogue of chi-squared	1	63- 67
cumulative distribution function	3&4	229-240
curve fitting	1 3&4	17- 40 229-240
data adjustment	1	17- 40
descriptions, assessment of	1	60- 62
discrete sampling models	3&4	283-294
discriminant functions versus probability densities	3&4	323
distance measure	2	101-112
duality	3&4	283-294
duality problem	3&4	241-270
EM algorithm	3&4	295-304
empirical cdf	3&4	229-240
empirical logistic transform	3&4	305-320
equal correlation	2	133-148
equivalence	3&4	283-294
error analysis	3&4	179-190
estimator, alternative	1	1- 16
estimator, classical	1	1- 16
estimator, inverse	1	1- 16
fast Fourier transform for calculating distribution	1	71- 78
first passage time distribution	3&4	191-200
fuzzy sets	1	60- 62
grouped data	2	113-124

	<u>Issue</u>	<u>Pages</u>
Guass-Newton iteration	1	17- 40
Hill approximations	3&4	179-190
independence and the binomial distribution	1	52- 55
inequalities	2	149-158
infimum of coverage probability	2	133-148
iteration algorithms	1	17- 40
iterative procedures	3&4	283-294
Jeffreys's paradox	1	60- 62
judgement, honest, postulate of	3&4	321
Kolmogorov-Smirnov type statistics	2	89-100
kurtosis	2	101-112
language, statistics of	1	55- 60
La Place distribution	2	89-100
largest mean	2	133-148
least squares	3&4	229-240
life testing	3&4	191-200
linear models with random parameters	3&4	295-304
linear regression	3&4	241-270
logistic model	3&4	305-320
logistic risk	3&4	169-178
long-tailed distributions	3&4	271-282
M estimator	3&4	271-282
Mantel-Haenszel procedure	3&4	201-218
Mantel-Valand statistic	2	101-112
Markov's inequality	2	159-163
maximum approximation error	3&4	201-218
maximum likelihood	3&4	229-240
maximum-likelihood-estimation of probabilities	3&4	283-294
mean squared error	3&4	169-178
model fitting	1	17- 40

	<u>Issue</u>	<u>Pages</u>
moments	2	101-112
Monte Carlo	3&4	229-240
Monte Carlo method sometimes impracticable	1	67- 69
Monte Carlo simulations	3&4	191-200
multinomial distribution	1	67-69 71-78
multivariate	2	101-112
multivariate exponential distribution	3&4	219-228
multivariate normal	2	133-148
multivariate t	2	133-148
Newton-Raphson iteration	1	17- 40
	2	133-148
non-central hypergeometric distribution	3&4	201-218
nonlinear least squares	1	17- 40
nonlinear regression	1	17- 40
	3&4	229-240
nonlinear transformations	1	17- 40
nonparametric	2	101-112
normal approximation	2	149-158
normal sample with given mean and variance	1	51- 52
numerical accuracy	3&4	179-190
numerical quadrature	2	133-148
odds ratio	3&4	201-218
one-sided and two-sided intervals	2	133-148
optimal confidence interval	2	133-148
paradox in Neyman-Pearson theory	3&4	322
parameter covariances	1	17- 40
parameter estimation	1	17- 40
parameter transformations	1	17- 40
Pearson curves	2	101-112

	<u>Issue</u>	<u>Pages</u>
Poisson approximation	2	149-158
Poisson trials	2	125-132
prediction	3&4	191-200
probability densities versus discriminant functions	3&4	323
probability generating function	2	125-132
probability, subjective, formulations of	3&4	321
proportional hazard model	2	113-124
quadratic forms, cumulants of	1	63- 67
quadratic forms, joint distribution of	2	159-163
$R^2$ , large, not necessarily significant	1	69- 71
random variate generation	2	149-158
rank test for independence	3&4	219-228
rejection method	2	149-158
reliability	3&4	191-200
repeats within cells	1	63- 67
restricted maximum likelihood estimation	3&4	295-304
restricted sequential plan	3&4	271-282
robust methods	3&4	229-240
robustness	3&4	271-282
Scheffé's theorem	2	149-158
sequential t test	3&4	271-282
short word length	3&4	179-190
simulation	2	101-112
		149-158
	3&4	241-270
simultaneous confidence intervals	2	89-100
single precision	3&4	179-190
skewness	2	101-112
small sample power performance	3&4	219-228
society and statistical mechanics	3&4	322-323

	<u>Issue</u>	<u>Pages</u>
stable distribution	3&4	241-270
statistical mechanics and social science	3&4	322-323
stratified case-control studies	3&4	201-218
survival analysis	2	113-124
Taylor series	3&4	179-190
total variation	2	149-158
transformations of observables	1	17- 40
2 × 2 tables	3&4	305-320
variance components	3&4	295-304
variance estimation	1	17- 40
variance propagation	1	17- 40
wedge sequential plan	3&4	271-282
weighted least squares	1	17- 40
$\chi^2$ , characteristic function	1	67- 69
Yates's continuity correction	1	47- 51

## AUTHOR INDEX

## VOLUME 14

	<u>Issue</u>	<u>Pages</u>
Ali, M. A.	1	1- 16
Al-Saadi, S. D.	3&4	219-228
Ansell, J.	3&4	305-320
Arnold, J. C.	1	69- 71
Ascher, Steven	2	101-112
Bailar, John	2	101-112
Bean, S. J.	3&4	229-240
Bendell, A.	3&4	305-320
Blass, J.	1	52- 55
Böhning, Dankmar	3&4	283-294
Bondesson, Lennart	1	51- 52
Carter, Walter H. Jr.	2	113-124
Celmins, Aivars K.	1	17- 40
Chen, Hubert J.	2	133-148
Devroye, Luc	2	149-158
el Lozy, Mohamed	3&4	179-190
Finch, P. D.	1	60- 62
Foutz, R. V.	2	159-163
Good, I, J.	1	55- 60 63- 79
	3&4	321-323
Hartz, Stuart C.	3&4	169-178
Hoffman, Karl-Heinz	3&4	283-294
Hosmer, David W. Jr.	3&4	169-178
Humble, S.	3&4	305-320
Jensen, D. R.	2	159-163
Kohn, R.	1	41- 46
Laird, Nan	3&4	295-304
Lemeshow, Stanley	3&4	169-178
Levin, Bruce	3&4	201-218

	<u>Issue</u>	<u>Pages</u>
Lim, T. K.	3&4	271-282
Maghsoodloo, Saeed	1	47- 51
O'Hara, Thomas F.	3&4	169-178
Padgett, W. J.	3&4	191-200
